

# DEVASHISH BOSE

Full Stack Web Developer — UI/UX — Data Visualization

bosedevashish7@gmail.com — (+91) 910264397 — India — [LinkedIn](#) — [GitHub](#) — [Portfolio](#)

## Professional Summary

---

Full Stack Developer with hands-on experience building **responsive, production-ready web applications** using JavaScript, HTML, CSS, REST APIs, and modern frameworks. Proficient in **WordPress, Elementor, PHP, jQuery, Ajax** and experienced in cross-browser development, UI/UX design, and collaborative agile workflows. Passionate about crafting lovable digital products with strong visual hierarchy, clean code, and seamless user experiences.

## Technical Skills

---

**Web & Frontend:** JavaScript (ES6+), HTML5, CSS3, jQuery, Ajax, Bootstrap, React, Gatsby, Responsive Design

**CMS & Backend:** WordPress, Elementor, WP-Bakery, PHP, Node.js, FastAPI, Flask, REST APIs

**Databases:** MySQL, PostgreSQL, MongoDB, IndexedDB, FAISS, ChromaDB

**Testing & Tools:** Cross-browser Testing, Git, GitHub, VS Code, Linux, Streamlit, Jupyter

**AI & Data:** Python, Pandas, NumPy, Scikit-Learn, Power BI, Tableau, LLMs, RAG, RLHF/SFT

**Languages:** JavaScript, PHP, Python, SQL, R, Bash, C++

**Communication:** Strong English (Written & Verbal), Technical Documentation, Stakeholder Presentations

## Experience

---

### LLM Post-Training Intern

Jul 2026 – Present

*Ethara AI (Remote)*

- Worked on **RLHF** and **Supervised Fine-Tuning (SFT)** workflows for Large Language Models, improving response quality and alignment accuracy.
- Performed **AI data annotation, prompt engineering, and evaluation** tasks to support post-training optimization of LLM systems.
- Analyzed model outputs and contributed to refining training datasets for enhanced reasoning, consistency, and conversational performance.
- Collaborated remotely with cross-functional AI teams while following strict **data privacy, confidentiality, and quality assurance standards**.

### Full Stack Developer Intern

Jan 2026 – Jun 2026

*Bluestock Fintech (Remote)*

- Designed and implemented **responsive UX components** for **Logic Looper** ([logic-looper-nine.vercel.app](https://logic-looper-nine.vercel.app)), ensuring strong visual hierarchy, design quality, and **cross-browser/cross-device compatibility**.
- Built a **GitHub-style activity heatmap** and achievement system, translating complex user engagement data into clear, interactive visual representations for retention tracking.
- Architected **data synchronization between IndexedDB and PostgreSQL** to maintain persistent user progress, applying real-time visual feedback and structured data design.
- Collaborated cross-functionally adhering to strict **brand standards and visual consistency guidelines** across all product surfaces; followed agile workflows with feature prioritization.

### Data Analyst Intern

Jun 2025 – Jul 2025

*Elevate Labs (Remote)*

- Curated and analyzed large datasets using **Python (Pandas, NumPy)** and Excel, extracting actionable insights from raw, unstructured data.
- Built interactive **Power BI dashboards** to visualize KPIs with strong emphasis on readability, hierarchy, and clear stakeholder communication.
- Designed data stories translating complex metrics into audience-friendly **visual narratives** — awarded **Best Performer** for the cohort.
- Prepared comprehensive analytical reports and infographic-style presentations for non-technical stakeholders.

## Project Experience

---

**Logic Looper – Daily Puzzle Platform** | *React · Node.js · REST APIs · PostgreSQL* 2025

- Developed a **full-stack web application** for daily logic-based puzzles with real-time user interaction, seamless **responsive UI**, and consistent cross-device experience.
- Integrated backend REST APIs for **user progress tracking, authentication, and scalable data persistence**; deployed production-ready on Vercel with version-controlled codebase.
- Engineered engagement features including **activity heatmap and achievement system** improving user retention metrics and interaction quality.

**Personal Portfolio Website** | *HTML · CSS · JavaScript* 2025

- Designed and developed a **fully responsive portfolio website** with clean UI/UX, structured layout, and optimised navigation across all devices and browsers.
- Integrated live project showcases with **GitHub repositories and live demos**; deployed production-ready site with complete version control on GitHub.

**RAG Document Search** | *FastAPI · Streamlit · LangChain · Vector DB* 2024

- Built modular **AI data pipeline** processing 50+ documents per minute with <200ms latency; developed **REST API backend** (FastAPI) with Streamlit frontend and structured output validation.
- Orchestrated multi-model AI workflows using HuggingFace and Pydantic, supporting LLM training pipeline quality and evaluation (RLHF/SFT concepts).

**Consumer Segmentation & Analytics Dashboard** | *Django · Scikit-Learn · RFM · K-Means* 2024

- Engineered segmentation engine automating RFM analysis and K-Means clustering across **500K+ transactions**; visualized \$8.9M revenue opportunities via structured analytics dashboard.
- Implemented churn prediction pipeline with structured visual output flagging **1,300+ at-risk users** for business stakeholders.

## Education

---

**Madhav Institute of Technology and Science, Gwalior** 2022 – 2026

*B.Tech in Internet of Things — CGPA: 7.5*

*Relevant Coursework: Data Structures, Machine Learning, Data Science, SQL, Statistics, Optimization*

**St. Aloysius Senior Secondary School, Jabalpur** 2021 – 2022

*XII – 73%*

**St. Aloysius Senior Secondary School, Jabalpur** 2020 – 2021

*X – 75.8%*

## Leadership & Activities

---

**Social Media Head & Core Member** | Science Club, MITS 2022 – 2026

Led digital outreach and branding campaigns, increasing engagement by **60%**. Collaborated with cross-functional teams on communications and content strategy.

**Graphic Designer** | Science Club, MITS 2023 – 2025

**Designed visual content, infographics, and event materials** supporting educational outreach for underprivileged communities — demonstrating structured visual communication and design execution.

**College Football Team** | MITS

Represented the institute in nodal-level tournaments, demonstrating teamwork and discipline.

## Core Competencies

---

Responsive Web Development — WordPress & CMS Platforms — JavaScript / PHP / jQuery — UI/UX Design — Cross-browser Testing — REST API Integration — Visual Hierarchy & Design Quality — Agile Collaboration — Data Visualization — Strong English Communication — Technical Documentation

## Certifications

---

**Power BI Virtual Internship** — PwC Forage Jul 2024

**Introduction to SQL** — Simplilearn Mar 2025

**R Programming** — Simplilearn Jan 2025

**Python Basics** — Infosys Springboard Mar 2023
